

Features & Benefits:

- Full spectrum color performance (RGB version)
- Customized length is available upon request
- Compact profile
- UV stabilized material
- 5-year warranty

UL[®] US IP68 RoHS

Applications:

- Exhibit Lighting
- Accent Display
- Architectural Lighting Design
- Color-Mixing, Scene-Changing, and Sequencing

Technical & Optical Data:

Model No.:	07002-8800	07002-XXXX
Power Requirement:	12V DC	
Dimensions (L x D):	40" x Ø1.5" [101cm x Ø3.8cm]	
LED Color:	RGB & Color mix	Single Color
Viewing Angle:	270°	
Power Consumption:	15 Watts	12 Watts
Operating Temperature:	-40 to 122°F [-40 to 50°C]	

• *Single color includes red, green, blue, orange, and white.*
